Modeling Social Behavior (R01)	National Institutes of Health	<p>This funding opportunity announcement (FOA), issued by the National Institute of General Medical Sciences (NIGMS) and the National Institute of Mental Health (NIMH), solicits applications for developing and testing innovative theories and computational, mathematical, or engineering approaches to deepen our understanding of complex social behavior. This research will examine phenomena at multiple scales to address the emergence of collective behaviors that arise from individual elements or parts of a system working together. This FOA will support research that explores the often complex and dynamical relationships among the parts of a system and between the system and its environment in order to understand the system as a whole.</p> <ul style="list-style-type: none"> ▶ Open date (earliest submission date): March 3, 2012 ▶ Closing date for applications: April 2, 2012 <p>http://grants.nih.gov/grants/guide/rfa-files/RFA-GM-13-006.html</p>
FY 2012 Drug Free Communities Support Program	SAMHSA and ONDCP	<p>The Office of National Drug Control Policy, in partnership with the Substance Abuse and Mental Health Services Administration (SAMHSA), is pleased to announce the release of the FY 2012 Drug Free Communities Request for Applications (RFA). The DFC RFA provides the guidelines for meeting statutory eligibility requirements, completing the application, the questions that must be answered, and guidelines for assembling the budget. Applicants must follow the FY 2012 DFC RFA explicitly and be deemed statutorily eligible before moving onto the peer review process for scoring. The following time line will be adhered to for the FY 2012 DFC funding cycle:</p> <ul style="list-style-type: none"> ▶ DFC RFA released: Tuesday, January 17, 2012 ▶ DFC RFA due date: March 22, 2012 ▶ Peer review: end of May/early June 2012 ▶ Announce New DFC Awards: end of August 2012 <p>http://www.whitehouse.gov/ondcp/information-for-potential-applicants</p>

Resource support for Consortiums for HIV/AIDS and Alcohol-Related Outcomes Research Trials (CHAART) U24	NIH	<p>This FOA issued by the National Institute on Alcohol Abuse and Alcoholism (NIAAA) solicits Cooperative Agreement (U24) applications to continue to support the currently NIAAA-funded "Consortiums for HIV/AIDS and Alcohol-Related Research Translation" (CHARRT) or Alcohol and HIV/AIDS Centers (P01, P50, P60) to enhance their capacity to carry out multidisciplinary, transdisciplinary, and/or integrative behavioral and biological research. The CHARRT consortiums and Alcohol and AIDS Centers aim to accelerate specific areas of research related to the goals of improving HIV/AIDS treatment among infected individuals affected by alcohol use, and to prevent the transmission of HIV within U.S. and international populations. Specifically, the three primary goals of the U24 resource cores are to: (1) increase levels of collaboration between existing research projects focusing on alcohol and HIV/AIDS, in particular to improve their capacity to carry out translational, operational, or implementation science research studies; and/or (2) provide enhanced capacity to evaluate the impact of alcohol use and HIV within longitudinal research designs, with particular attention to aging; and/or (3) facilitate the implementation of alcohol and HIV/AIDS interventions within targeted populations at greatest risk within the United States). The U24 mechanism is used to support and provide resources to existing consortiums and centers. Thus, this FOA is a limited competition open to currently NIAAA-funded HIV/AIDS consortiums (U01) and centers (P01,P50,P60). This FOA is also open to investigators who are not part of the consortiums and centers as long as they provide documentation of preexisting collaboration with a CHAART consortium or alcohol and AIDS research center prior to submission.</p> <ul style="list-style-type: none"> ▶ Posted date: January 31, 2012 ▶ Letter of intent due date: March 2, 2012 ▶ Application due date: April 2, 2012 <p>http://grants.nih.gov/grants/guide/rfa-files/RFA-AA-12-010.html</p>

Social Innovation Fund FY 2012 Competition for New Grantees	Corporation for National and Community Service	<p>Created by the Edward M. Kennedy Serve America Act of 2009, the Social Innovation Fund is a program that awards grants to and works with existing grantmaking institutions to direct resources to innovative community-based nonprofit organizations to identify, validate, and grow promising approaches to overcoming challenges facing local communities.</p> <p>In FY 2012, CNCS will award a limited number of Social Innovation Fund grants to outstanding grantmaking institutions, or "intermediaries." These intermediaries will match every Federal dollar of the grant award in cash. They will then identify and invest at least 80% of their Federal funds (plus identified cash matching funds) in portfolios of promising community-based nonprofit organizations (subgrantees) working in low-income communities in one or more of the following issue areas:</p> <ul style="list-style-type: none"> ▶ Youth Development: Preparing America's youth for success in school, active citizenship, productive work, and healthy and safe lives ▶ Economic Opportunity: Increasing economic opportunities for economically disadvantaged individuals ▶ Healthy Futures: Promoting healthy lifestyles and reducing the risk factors that can lead to illness <p>Subgrantees will also match every dollar of their awards in cash and will utilize CNCS funding to produce measurable outcomes within a specific issue area and geographic area, evaluate their effectiveness, and replicate and expand their impact to more individuals.</p> <p>Applications are due by 5:00 p.m. Eastern Time on Tuesday, March 27, 2012. Applications must be submitted through the CNCS eGrants system.</p> <p>http://www.nationalservice.gov/for_organizations/funding/nofa_detail.asp?tbl_nofa_id=95</p>
