What is a CFDA number?

The Catalog of Federal Domestic Assistance (CFDA) is a government-wide compendium of Federal programs, projects, services, and activities that provide assistance or benefits to the American public. It contains financial and non-financial assistance programs administered by departments and establishments of the Federal government. Each program is assigned a unique number by agency and program that follows the program throughout the assistance lifecycle enabling data and funding transparency.

The complete CFDA number is a five digit number, XX.XXX, where the first two digits represent the Funding Agency and the second three digits represent the program. CFDA serves as the authoritative source for all CFDA numbers, including those assigned to American Recovery and Reinvestment Act of 2009 (ARRA, or the Recovery Act) programs.
